WORKED ON PROJECTS:

1) Alive Live Wallpaper : <https://play.google.com/store/apps/details?id=com.alivewallpaper.free>

(Jack hunter) as main android developer (Live on Play store) .

Description of Project : an android app of Live wallpaper with the following features:

- Having videos on the basis of different themes and of different Artist.
- User can download free videos or pay for the paid videos using tokens purchased before.
- Can set downloaded video as wallpaper and shuffle between more than two downloaded video.
- Offline access for the downloaded videos.
- In app purchase (Different users : Free and Premium)
- Can share videos, themes and tags.
- Used **Material design, Google In app purchase, Google Analytics, Firebase, Native Ads, Google Maps** in the app.

2) Worked on an android app having features for disabled people as junior android developer. (In progress)

3) HappyApp : <https://play.google.com/store/apps/details?id=com.happyapp.happynew>
happyapp creates a collection of the nearest food & drink offers, right at your fingertips.

All offers are in real time with coloured map pins. Orange means regular venue offers, Green means premium venue offers and pink means ladies offers available in 142 countries.

- QR scanner to read Qr codes and URL also to redeem the offers.
- Map and List view with the venues having different types of Offers and Events.

- On the venue detail page there is an option showing the complete path from the user's current location to the venue address on the Google Map with the distance .

4) Bristol Global - Elite Mobile : <https://play.google.com/store/apps/details?id=com.notionlabs.bristolmobile>

Relocation is a life-changing event. Bristol Global's Elite Mobile app assists relocating employees and their family navigate every stage of their relocation by connecting employees, in real-time, to their relocation services, information, dates and contacts. Elite Mobile is secure, safe and free for all relocating employees of Bristol Global's clients and customers.

- access relocation contacts like their Mobility Advisor, realtor, temporary housing contact among others
- submit expenses for reimbursement
- review expense reports and submitted receipts
- access move management shipments and key dates
- review temporary living housing details and key dates
- gain access to home sale information
- submit instant feedback to their Bristol Global Mobility Advisor
- access Neighborhood Scout and community information

5) Kreditz : <https://play.google.com/store/apps/details?id=com.kreditz.app&hl=en>

Kreditz is a realtime credit score that works internationally and can even be shared/requested conveniently from person-to-person. Get your score in less than 1 minute!

Share or request identity, score and ability to pay. Kreditz is the person-to-person credit score.

Protect yourself from fraud and idle buyers or sellers when for e.g. selling your car, concert tickets or renting out your apartment via online market places.

- I have worked on **Encryption/ Decryption using AES+ RAS** in this project
- Animation
- Bank services like Stripe, Tink for Score (Cibil score)

6) One more project : in which I moved marker on map by using the phone sensor and on touch.

7) Price : It is an application of ads based on category in Arabic language.

8) Calculator : <https://play.google.com/store/apps/details?id=com.calculator.fractionpercent&hl=en>

Includes following features :

- Simple calculator
- Fraction to Decimal
- Decimal to Fraction
- Fraction to Percent
- Percent to Fraction
- Percent Calculator
- Square Root Calculator
- Binary Calculator

9) Crowne Plaza : Application of a Hotel, includes offers.

Creation of qr code and scanning was there. Done but not on play store.

10) Learning Management system : Currently working on it, it is for the prison person to learn something, so have the data locally, not on APIs.

11) Socity Icon : Currently in progress :

<https://play.google.com/store/apps/details?id=io.soicon.influencer&hl=en>
